Circular

Department of computer Science and Engineering is pleased to announce a seminar on **Art of the Ethical Hacking** aimed at providing a comprehensive understanding of cybersecurity and ethical practices in protecting digital systems. This seminar will be a great opportunity to delve into the world of ethical hacking, learn from experts in the field, and explore practical aspects of identifying and mitigating cyber threats.

Program Date and Time: 29-01-2024, 10.00 AM Monday

Program Venue: Conference Hall

Report for Seminar on Art of Ethical Hacking

The seminar on "**The Art of Ethical Hacking**" was held on 29-01-2024 at Conference Hall. The event was organized to create awareness about ethical hacking principles and techniques while emphasizing its importance in safeguarding digital infrastructure. Attendees included a diverse group of students, IT professionals, and cybersecurity enthusiasts.

The objectives of this seminar are to introduce the concepts of ethical hacking and its role in cybersecurity. And highlight the importance of ethical hacking in identifying and mitigating security vulnerabilities then to provide insights into ethical hacking tools, methodologies, and best practices to encourage participants to explore career opportunities in ethical hacking and cybersecurity.
